Monique des Bouvrie designs with courage and preferably with a wink. In her opinion an interior item can be a bit crazy, certainly not boring and especially not too serious. Monique likes to go out of the box with her designs, does not adhere to 'how it should be done'. She approaches an interior from a completely different angle and that creates unexpected results. An interior item by Monique is a mix of modern, feminine and extraordinary distinctive. A refreshing combination with which Maretti Lighting is happy to develop a new lighting collection.
